Mission Statement

The mission of Spanish Studies Abroad (The Center for Cross-Cultural Study, CC-CS) is to promote in-depth understanding of Spanish-speaking countries for our students, through specifically designed academically rigorous university-level and cultural travel programs. We consider all of our students to be willing to cross cultural boundaries, to live as members of another culture, and to thus learn about others as they learn about themselves.

In accordance with our mission, Spanish Studies Abroad promotes equal opportunities within our programs and does not discriminate on the basis of an individual's race, religion, ethnicity, national origin, age, physical ability, gender, sexual orientation, or other characteristics. We believe in educating students on cultural tolerance and sensitivity, acceptance of differences and inclusiveness.

Travel Information

Booking Your Flight

In order to allow flexibility to our students in making flight arrangements, we do not offer a group flight option. We recommend that you check [Student Universe](#) for student airfare. You may also opt to explore other search engines or contact a local travel agent for flight arrangements. Please note that when booking your flight, you should always refer to your program calendar which is located [here](#) or in your acceptance packet link.

NOTE: Most flights to Spain are overnight. Students should plan to depart the U.S. the day before the program start date indicated in your program calendar. Students should make their flight arrangements from their departure city to the city of Alicante and must be sure to check their baggage the whole way through to Alicante. For return flights, students should plan to depart from their host homes no later than noon on the last day of the program.

Once you have your itinerary, you must submit the information via your online account, or email it to info@spanishstudies.org. If you have any delays or last-minute changes in your itinerary, please inform our U.S. office at info@spanishstudies.org and your parents. If you are en route to Alicante, you will need to also inform the Alicante Resident Director, Pepa Vives, of changes in your arrival time: pepa.vives@spanishstudies.org.

Arrival

Spanish Studies staff will be waiting for you at the Arrivals Gate in the airport of Alicante, from 10:00 am to 2:00 pm. If you arrive earlier, please wait at the Arrivals Gate for the Spanish Studies Staff for assistance and instructions on how to get to your host family. ***Please note the time the staff will be at the airport is subject to change and will be confirmed in your Departure Newsletter that will be sent out a few weeks before the start date of the program.**

If you arrive later than 2 pm, you should go directly to your host family using the detailed instructions given to you in your departure newsletter. You will be responsible for making transportation arrangements on your own and for all costs involved. A taxi from the airport to the center of Alicante should cost between 22 and 24 Euros, we recommend that you ask the taxi driver for a receipt. There is also a bus ([C6](#)) you can take every 20 minutes from the airport to the center of Alicante, which costs approximately 4 Euros. If you are not a seasoned traveler, Spanish Studies Abroad does not recommend you take the bus on your first day.

On the day of arrival, Spanish Studies Abroad group will meet at 8:30 PM at a centrally located hotel to have a brief Welcome Meeting and to enjoy “tapas” together. In the case you arrive later 2 pm and were not greeted by Spanish Studies staff at the airport, your family will also have instructions on how to join the group for this first meeting.

If you lose your luggage, you must file a claim at the “lost luggage,” or “*equipajes perdidos*,” desk in the airport. You should have them send your luggage to your homestay in Alicante. You will be provided with your address about one week prior to your departure for Spain.

Orientation

The day after you arrive in Alicante, you will have a concise orientation to get acquainted with one another and take care of some of the important introductory meetings before settling into the program.

Spanish Studies group will meet at a centrally located building in Alicante to give you important information about the program. After that, you will take a bus tour around the main sites of the city. The group will also visit the university campus following the same itinerary the public bus does every single day, to help familiarize yourself with the bus schedule. After the tour, you will return to your homestay and join your host family for lunch.

Orientation is mandatory for all students.

Note: *Orientation is a busy time, and you may not get a chance to call home immediately upon arrival. If your family would like confirmation of your arrival, they should contact our U.S. office, where we will have information on the safe arrival of our students.*

Getting Ready to Go to Alicante

Online Account

All students studying with Spanish Studies Abroad have an online account. If you applied via online application, you did so through your online account. Please use your online account to complete important pre-departure tasks. To access your account, go to www.spanishstudies.org and click the “Login” link at the top of the page. You will then be prompted to enter your username and password. If you have forgotten your password you may request a new one on the login page.

Items You Must Send to the U.S. Office of Spanish Studies Abroad

In order to finalize your acceptance in a Spanish Studies program, you must submit the following items via your SpanishStudies.org accounts, as soon as possible. **All pre-departure items will be due two weeks after the application deadline.**

- Passport Information and Passport Copy (necessary for course enrollments)
- Course Selection
- Housing Questionnaire
- Spanish Studies Health Form
- Academic Pledge and Program Conditions & Release Statements
- Program Deposit (Due within 10 days of acceptance)
- Arrival Information in Alicante (so that the staff and your family will be ready to welcome you)
- Speaking Partners Form
- Digital Photo (Passport Size Photo - necessary for your student card)
- Online Language Placement Exam Results

Passport

To travel to Spain, you need a valid passport. For U.S. citizens, the most convenient place to apply for a passport is at the local post office. **If you do not yet have a passport, apply for one immediately!** It can take up to 4-6 weeks to receive your passport. If the start of your program is less than 90 days away and you have not yet applied for your visa (see below), you will have to pay for expedited service of your passport. Expedited service requires about 2-3 weeks. The U.S. Department of State website provides details on passports and current processing times

[here](#). You may also inquire via telephone at (877) 487-2778. Students who are not U.S. citizens should contact the appropriate government agency in their home country for passport information.

Students who already have a passport should verify that it will be valid through the program dates and for at least six months after the Spanish Studies program concludes.

If you are enrolled in the Integrated or International Studies program, you must submit a copy of your passport to our U.S. office as soon as possible in order to facilitate your enrollment in classes at the University of Alicante. Please mail or email (info@spanishstudies.org) a scanned copy.

Visa

The visa is an endorsement on the passport allowing residence in Spain for six months to one year. Summer students do not need a student visa since the program is less than 90 days. Semester* or Academic Year students are required by Spanish law to obtain a student visa. You must apply for your visa at the Spanish Consulate holding jurisdiction over your home address. Check the *Line-by-Line Instructions for the National Visa Application* that you received in your acceptance e-packet to see which consulate you should use.

If you have not yet provided your passport information to Spanish Studies, please contact our U.S. office right away. This information must be included in the letter to the Visa Officer of the Spanish Consulate, which will be provided to you by Spanish Studies Abroad, and which must accompany your application for a student visa.

It typically takes 7-10 weeks to issue a visa once your application has been submitted. If you are going to Spain for a semester or academic-year program, you should contact the Spanish consulate immediately. Keep in mind that if the Spanish Consulate nearest you requires an appointment, you must make one now. Remember that most consulates will allow you to make an appointment even if you don't have your passport yet. However, you will need a passport in order to apply for your visa, so make sure you have plenty of time if you need to apply for both. Previous students have found that consulates are often delayed in their visa processing, so get a head start!

*If your program is under the 90-day requirement for a student visa, you will not need to apply for a visa. If you wish to apply anyways, please contact the US Office. **Please be aware that some Spanish Consulates will not issue a student visa for programs under 90 days, even if you plan on staying longer.** It is your responsibility to learn the policies of your Spanish Consulate before applying for a visa.

Some consulates allow students who attend a college or university in their jurisdiction to apply there, even if the student's permanent address is in a different jurisdiction, but you should check with the consulate directly about your particular situation.

Note: Each consulate requires different materials for the visa application process. Students should always follow the instructions given to them by their specific consulate over anything they are told by another person or by Spanish Studies Abroad. While we are familiar with the student visa application, we may not be aware of all the different requirements of each consulate or any changes to their policies. If you notice conflicting information, you should do what the consulate tells you.

Academic Year students must get a head start on their visa applications. Spanish consulates now require FBI background checks with Spanish translations and apostilles for students staying in Spain longer than 6 months (180 days). These background checks can take up to 12 weeks to be processed, so please apply early!

Non-U.S. citizens may be required to apply for a visa, even for short-term programs in Spain. Consult the Spanish consulate in your home country about visa requirements well in advance of the program start date.

Budgeting for Your Trip

Below you will find a detailed estimate, which explains how to budget for personal expenses and other costs not covered by your program fees.

<u>Semester</u>	<u>Semester</u>	<u>Short-Term</u>	<u>Short-Term</u>
	(integrated)	(per term)	(both terms)

Books*	\$375	\$375	\$105	\$105
Bus transportation	320	400	80	160
Every-day & going out expenses	2,500	3,000	600	1,100
Theater/concert evenings	115	115	n/a	n/a
Weekend trips on your own	1,300	1,300	525	950
Flight	1,300	1,300	1,300	1,300
Miscellaneous	<u>915</u>	<u>915</u>	<u>295</u>	<u>395</u>
Total	\$6,825	\$7,405	\$2,905	\$4,100

***You will not need to purchase books prior to your arrival in Spain. Your professors will inform you of the materials you will need and where to purchase them.**

We figure the average student will spend about \$75 per week while in Alicante. Of course, some will spend more and others will spend less. Think about your lifestyle and budget accordingly. For a weekend of independent travel (Spanish Studies-sponsored study trips are included in the program fees), you should plan to spend approximately \$425. A drink and *tapa* at a café cost approximately \$3. A two page airmail letter to North America costs about \$1. You should plan on spending about \$80 per month for bus transportation. If you stay out late at night, you should plan to take a taxi home. The cost is about \$6 per ride, depending on the distance.

In total, we recommend that students budget a **minimum** of about \$500 per month for expenses in Alicante. Although lodging, all meals, laundry, and study tours are included in the program fees, students will also want to have extra spending money for going out with friends, making a special weekend trip on their own, or buying gifts to take back home. These figures are general guidelines and may be different for each person's budget and lifestyle in Alicante.

Please note that the costs given above are estimates, and that daily fluctuations in the official rate of exchange between the U.S. dollar and the Euro will affect the purchasing power of U.S. dollars in Spain. Remember that, right now, the euro currency (€) is stronger than the U.S. dollar. You can check the latest exchange rates at www.xe.com/ucc.

Income Taxes

U.S. residents who are abroad during the Spring Semester will need to make arrangements for filing federal and state income taxes. Individuals who are temporarily living abroad can request an extension 2,200 on the deadline for filing their federal income tax return. This extension is generally until June 15. Please note that if money is owed to the government and an extension is filed, interest will be charged on the amount, if it is not received by April 15. For more information on federal income tax laws and regulations, please consult the IRS official web page www.irs.gov or call (800) 829-1040. Individuals should contact their state government for regulations information on extending state taxes.

Power of Attorney

If your signature will be needed for any official or legal document while in Spain, you should make the necessary arrangements for a "power of attorney" to be held by parents, guardians, or another appropriate person to act on your behalf. This can be done by writing out in detail the specific duties that this person will have, (i.e. signing a check; corresponding with the school or university about financial or academic matters; or obtaining medical records and information, in case of an emergency). This letter should then be notarized so that it is legal and official. Public notaries are available at many banks, post offices, public libraries, and town halls.

Absentee Voting

Voting is a privilege and right for all U.S. citizens. If you are abroad during an election, Spanish Studies urges you to take advantage of this right by voting via absentee ballot. You should apply to do this before you leave home.

U.S. citizens can get more information as well as the forms needed to apply for the absentee ballot by visiting the Federal Voting Assistance Program website at www.fvap.gov or by calling your local city clerk's office.

Facebook Community Pages

While you may have already joined the [Spanish Studies Abroad Facebook Community page](#), students should also plan to join the location-specific page for [Spanish Studies Alicante](#). This page is for alumni, current students, and prospective students, so it will be a great resource to you as you begin to prepare for your program and meet fellow Alicante students. **For all program-related questions for Spanish Studies staff, please email info@spanishstudies.org.**

Accepted Students' Chat

Students accepted into an Alicante Spanish Studies program will be invited to participate in an Accepted Students' Chat before their departure. During this chat, students will be able to ask Spanish Studies staff, and sometimes alumni, specific questions about study abroad in Alicante. Dates and information on how to log in to the chat will be sent closer to the chat date.

Departure Newsletter

Spanish Studies Abroad students receive a Departure Newsletter by email several weeks prior to the program start date. The newsletter contains important travel and arrival information, such as the orientation address, emergency contact information (also included in this handbook), Spanish Studies Abroad in Alicante address, taxi and baggage tips, and contact information for fellow participants. **Make sure to bring a copy with you during your travels!**

Health Insurance and Medical Care

Program Health Insurance

All students attending Spanish Studies Abroad programs are provided with health insurance for the duration of the program through [CISI Worldwide Insurance](#). This cost is included in the program fees. **All Spanish Studies students are required to participate in the medical insurance program, whether you have insurance at home or not.** If you are ill and need medical attention, contact our Alicante office and a staff member will help to make an appointment with a physician. A staff member will accompany students ONLY if it is a medical emergency.

Please note that you are only covered through Spanish Studies for the dates of the program and the coverage is worldwide. If you have dental insurance at home, you should also bring some dental insurance claims forms with you, in case you need dental treatment while you are abroad.

If you are under medical or psychological treatment at home, you should speak with your doctor about the possible effects of study abroad and cultural change on your condition. If you have any pre-existing medical or psychological conditions, you should bring a copy of your medical records, in case you need treatment in Spain. It is important to note that eating disorders are considered medical conditions and must be reported on your health statement.

Withholding medical information could result in your dismissal from the program.

Prescriptions

If you take any prescription medication, be sure to bring enough for your entire stay. These should be in their original containers: that is, labeled with your name and the name of the prescription drug. For safety's sake, you should take a written prescription for replacement of the drugs should they be lost. The prescription should bear the generic name (chemical composition) of the drug, NOT the brand name, since medicines purchased in other countries

usually have different brand names than the same medicine in Spain; this will help the pharmacist translate it more easily. Also, if you wear glasses, you should take an extra pair.

Injections

If you require regular injections, you should bring syringes with you from home; needles in Spain are usually a larger gauge. The cost of having injections administered by a healthcare professional is not covered by your Spanish Studies insurance so be prepared for that expense. In order to get your injections at a clinic in Alicante, your doctor at home must write you a letter with the following information:

- Directions on how to administer the injection
- How often the medication is administered
- Generic name of the medication
- Components of the medication
- Exact dosage of medication needed
- Any possible side effects
- Any other relevant information for administering the injection

Send a copy of the letter to our US office, and take another copy to Spain. Again, you must have a written prescription or a letter from your doctor to get past airport security with your injection materials.

Health Information for Travelers to Spain

Please check the Centers for Disease Control and Prevention (CDC) [website](#) for up-to-date information on vaccinations and tips on staying healthy in Spain.

The CDC website also has health information available for other countries that you may choose to travel to during your time abroad. A list of countries with available health information can be found [here](#).

Academics with Spanish Studies Abroad and Universidad de Alicante

Spanish Studies Abroad offers programs in Alicante in cooperation with the University of Alicante (UA) through the *Centro Superior de Idiomas* (CSI), which is responsible for all international students at UA. All semester and academic year students will begin their semester in Alicante with an Initial Period of intensive study according to the selected program. This initial focus is aimed to help them with their language skills and cultural immersion.

Following the Initial Period, students in the Spanish Studies will take their classes with international students. Students in the Integrated Studies and International Studies programs attend regular UA classes alongside Spanish students and can choose from classes with international students. Students partaking in the Internship or Service Learning Semester will go on to begin their fieldwork at this time. Summer students are enrolled in classes alongside other international students at University of Alicante through CSI.

Spanish Studies programming is academically rigorous; you can expect one to two hours of study at home for each hour of class time. This is probably comparable to the amount of work you have at your home college or university. What will be especially challenging, at first, is that all classes are taught in Spanish. The first week or so of class will probably be the most frustrating in that respect; just stick with it and remember that all the other students in your class feel the same way you do. Before you know it, you'll be following your classes without any trouble at all.

In addition to the core academic courses offered in the Alicante programs, you have the opportunity to take "Living the Culture" courses and activities. These courses typically carry 1 credit and depending on the term, include Spanish cooking, dance courses, windsurfing, theater, poetry in Alicante, and scuba diving instruction. These courses are reported as Pass/Fail. Please note that Living the Culture courses include additional fees. To find out more, visit www.spanishstudies.org/living-the-culture.html.

Spanish-Only Policy

When you submit your Pre-Departure materials, you sign a Spanish-Only Contract, agreeing to speak only Spanish while you are on our program. We take our Spanish-Only Policy very seriously and you should as well. Let's be perfectly honest: it's a waste of time and money if you go to Spain and speak English with your friends in the

program. Make an effort, not just in class, but in the street, in your home, in bars and clubs—everywhere you go in Spain. It's the only way to make your Spanish Studies program the experience you want it to be. **Incidents of breaching the Spanish-Only Policy may be reported to the student's home campus and may reflect negatively on the student's grades.** To reference the Spanish-Only Policy, as well as the Academic Pledge and Program Conditions and Release Statement that you signed, please refer to the last pages in this handbook.

Alicante Placement Exam

Students attending programs in Alicante must complete the online Spanish Language Placement Exam, as required by the University of Alicante. **You may take the exam a total of 2 times.** If you take the exam twice, the University will place you in a language class based on the higher of your two scores. The link to the Spanish Language Placement Exam is available in the Pre-Departure section of your student portal.

Please complete the test on your own, without any help, as indicated in the instructions. **Note that the UA Spanish Language Placement Exam will determine whether you qualify for the language course you have pre-registered for, so take the test seriously!** As a reminder, your teacher will further assess your language level on the first two days of classes. When you finish the exam, you must submit your results online. We must receive your placement exam score well in advance of the start of your program in order to enroll you in courses.

Course Registration

The preliminary Course Selection Form you submit with your Pre-Departure materials will be the first step in selecting your classes for the program. As mentioned above, we must receive your online Spanish Placement Exam Score in order to officially enroll you in courses in Alicante. A few factors may change your original course selection:

1. If you have not met the prerequisites for a class you have chosen;
2. If the class you want is already full;
3. If you have too many or too few credits and need to alter your schedule accordingly;
4. If a particular course is canceled due to under-enrollment
5. If your performance on the placement exam in Alicante indicates a need for a change.
6. If the class you want doesn't suit your schedule.

Any changes that you would like to make to your course registration once your preliminary Course Selection has been received must be sent via email to info@spanishstudies.org, or your designated Admissions Advisor after consulting with your Academic Advisor. When you get to Alicante, there will be a brief add/drop period during which you may change your schedule on a space-available basis. The additional course fee for the Living the Culture courses will not be reimbursed in case of a withdrawal.

The “Add/Drop” period does not apply to students participating in the Internship and Service Learning Semester Programs.

Course Withdrawal Policy

Students may add or drop integrated or international studies courses without penalty during the add/drop period of the Integrated Studies Program only. The add/drop period lasts for 10 days after the start of the university calendar. Once the add/drop period is over, students that drop a course will receive a “W” for “Withdrawal” on their Spanish Studies Abroad transcript, which will appear as “No presentado” on the host university transcript. Any student who is not present for the final examination and has not previously withdrawn from the course will receive a grade of “No presentado” on his or her transcript from the host university. In this case, “No presentado” translates to the grade of “F.”

Note: The add/drop period for non-integrated courses only lasts the first two days of class.

In the case of a LTC (Living the Culture) course, a student may change or withdraw after the first class. If a student drops an LTC course before the second day of class, it will not appear on their transcript.

Program Transfer Policy

Please be aware that students who transfer programs (e.g. Integrated to Spanish Studies) for any reason, must follow the calendar of their new program. Regardless of the original program that a student chose,

housing through Spanish Studies expires on the date of the new program. Students will be responsible for adjusting travel arrangements and paying any associated fees that may arise due to the program transfer. This policy applies to students transferring programs either before or after their departure date.

Students that switch from the Integrated Studies program to any non-integrated program, as a consequence of dropping their university course, will receive reimbursement for only the housing portion of their program costs and only if such change occurs during the established Add/Drop Period. If the change occurs once the Add/Drop Period has ended, students will not receive any reimbursement. Whether reimbursement is received or not, students that have transferred to a different program must depart on the new program's established end date.

Academic Honesty

We hold students to the highest standards of academic honesty. Academic dishonesty of any kind will not be tolerated. This includes, but is not limited to, plagiarism, fabrication, and cheating. Any student who is academically dishonest will face disciplinary sanctions, which may range from a failing grade on the assignment to dismissal from the program. **Incidents of academic dishonesty may be reported to the student's home campus.**

Final Examinations

For the dates of final examination week, refer to the calendar included in your acceptance packet and always confirm the dates of every course with your professor(s) during the first week of classes. The University of Alicante, the *Centro Superior de Idiomas* (Language Centre), and the Spanish Studies Abroad program in Alicante **do not allow early exams except for duly justified causes.** Under certain special circumstances (such as a wedding, graduation, etc.), students may petition Spanish Studies in writing before the start of the program for an earlier return date. It is not possible, under any circumstances, to change the day/time of a test for a trip or vacation. If this happens, the student will receive a 'No Show' on the final evaluation of the course.

Transcripts

University of Alicante (UA) processes grades at the end of each program. The U.S. office of Spanish Studies will mail your official UA transcript accompanied by a Spanish Studies transcript to the address provided in your application and a student copy will be emailed to your primary email address. **Note: Transcripts for integrated courses may be delayed due to the UA academic schedule.** If there is an outstanding balance on your account, your transcript will be held until the balance is paid.

Spanish Studies transcripts show course numbers and titles, the number of contact hours and credits, and the grades for all coursework undertaken on a Spanish Studies program, internships completed through Spanish Studies, Independent Research Projects (IRPs), and coursework completed at the University of Alicante. Grades and credits are reported according to the semester-hour system.

Living the Culture (LTC) courses are the only courses that may be taken on a pass/fail basis. Petitions to change a course from traditional grading to pass/fail must be addressed to the Registrar of the student's home institution.

If your school requires that your grades be reported on a transcript from a U.S. degree-granting institution, you may receive a transcript from our School of Record, Heidelberg University in Tiffin, Ohio. Additional fees are charged by Heidelberg University for this service. Please contact our U.S. office for more information about this transcript option.

As a general rule, students should have all courses and co-curricular studies approved for transfer credit by their home institution before the start of a program. This can normally be arranged through a study abroad advisor or registrar.

If you need an official transcript in the future, we charge a fee of \$10 for the initial transcript and \$5 for each additional transcript per batch. If the receiving institution requires a copy of the UA transcript from Spain, the student is responsible for international postage. You should submit the Spanish Studies Transcript Request Form to our U.S. office with the following information:

- Your name and the program you attended
- Your birth date
- Your current contact information, including e-mail address and phone number

- The name and address of the person/institution to whom/where you would like the transcript sent

You may either choose to pay by **check made payable to: The Center for Cross-Cultural Study, Inc.** or fill out a credit card authorization form that is available on our website at www.spanishstudies.org/transcripts.

Please note: If you received a transcript from a U.S. degree-granting institution, you will need to contact Heidelberg University to request an additional transcript. Please visit the university's [website](#) for a transcript request form and information about associated fees.

Experiential Learning Opportunities

Semester or Academic-Year students with an advanced level of Spanish are strongly encouraged to pursue one of our Experiential Learning Opportunities. These include completing an internship, service learning project, volunteering, or conducting an independent research project (IRP). In some cases, students who participate in both summer terms may also have time to take advantage of one of these opportunities. If you have any questions, you can find more information [here](#) or you are welcome to contact our U.S. office.

Internship or Service Learning Course Option

Qualified students enrolled in Summer, Semester, or Academic-Year Programs have the opportunity to pursue an unpaid internship or service learning experience in Alicante. Internships and service learning are available in local businesses, educational institutions, and nonprofit organizations. A high level of Spanish is required for the Internship or Service Learning Course Option.

An internship or service learning involving 135 contact hours (112.5 clock hours) over the course of a semester is awarded 3 semester credits, while one of 180 contact hours (150 clock hours) receives 4 credits.

Your performance will be evaluated in the following ways:

- Regular meetings with the Resident Director, in which students discuss progress and brainstorm solutions to issues encountered in the field
- Workplace supervisor observation and evaluation
- Anthropological tools, such as blogging, dialog, and memoir, which enhance understanding of the process of integrated and the local culture
- A written report submitted at the end of the internship/service learning experience
- Additional criteria for evaluation, grading, and granting of credit may be established by your academic advisor on your home campus.

Internship and Service Learning Deadlines

If you would like to be considered for an internship or service learning course option in Alicante, you will need to submit the corresponding application to our U.S. office in advance of the deadlines listed below. Applications are available on the Spanish Studies website at www.spanishstudies.org/internship-course.html or www.spanishstudies.org/service-learning-course-option.html. Please note that these applications require the written approval of your academic advisor at your home institution.

Deadlines for submission of Internship Course Option and Service Learning Applications:

Fall Semester – June 1

Spring Semester – November 1

NOTE: Internships and Service Learning projects are not guaranteed. Students must select an alternate course or an Independent Research Project in the event that the requested course option is not available.

If you are interested in making your internship or service learning project the main focus of your program, we encourage you to check out our **Alicante Internship and Service Learning programs**. For more information about these programs please visit www.spanishstudies.org/service-learning-course-option.html.

Independent Research Projects

The Independent Research Project (IRP) gives you the opportunity to study a topic of particular interest to you that may not be covered in another class. Your proposal must be approved by Spanish Studies and by your home institution's faculty before you go to Spain. Once your project is approved, our staff and professors in Alicante will help you to complete it. Your home institution's faculty may be involved with your IRP by helping to create your proposal and/or evaluating your completed project. Interested students can visit www.spanishstudies.org/irp for more information regarding the IRP option. You may only conduct one IRP per semester.

Volunteer Opportunities

Volunteer opportunities give students a chance to get to know the local community and improve their Spanish in the process. Past volunteer projects have been available in schools and non-profit organizations. While a volunteer opportunity is more flexible than an Internship or Service Learning Project, students are still expected to make a solid commitment and to maintain a set schedule. Interested students on semester or academic year programs in Alicante may inquire about this opportunity after the first month of the program.

Group Meetings and Activities

The Alicante Spanish studies staff periodically holds group meetings with students. These meetings give you the opportunity to discuss any questions you may have, as well as to share experiences and information.

In addition to group meetings, Spanish Studies and CSI sponsor a number of activities throughout the program, including Speaking Partners with Spanish students; participation in sports at the UA facilities; international festivals; round tables; and various workshops. There are also opportunities for cultural visits in Alicante, excursions to other Spanish cities, and courses in cooking, *salsa*, *flamenco*, and more. For more information, please visit <http://www.csidiomas.ua.es/en/activities>. Some activities may entail an additional cost. More information will be available from the Alicante Spanish Studies Abroad staff and CSI, upon arrival.

Note: Due to insurance regulations, it is not possible to bring guests, including visiting family members and friends, on official Spanish Studies program excursions and visits.

Speaking Partners Program

In order to provide a deeper immersion experience and connect students with locals, Spanish Studies has developed The Speaking Partners Program. This is a mandatory conversation exchange program, where students learn and practice Spanish with a native speaker, in turn helping him or her to learn and practice English. Our goal is to encourage cultural exchange and promote long-lasting friendly and cordial relations between the Speaking Partners.

Speaking Partners should plan to meet at least once a week (more for short-term programs) and speak one of the languages (Spanish or English) alternately at each meeting. In addition to these regular meetings, which students and Speaking Partners are responsible for coordinating independently, Spanish Studies will also host group activities throughout the semester.

Spanish Studies staff will be available for students whenever they need advice and, if requested, will assign new or multiple Speaking Partners.

Travel and Visits from Family & Friends

Since the Summer Terms are intensive programs, classes are held Monday through Friday. Cultural visits in the afternoons and weekend travel will provide plenty of opportunities to get to know Spain outside the classroom. There are plenty of coastal towns near Alicante that make great day trips during the weekend.

During the Continuation Period of semester programs, most classes are held Monday through Thursday. Sometimes you may also have classes on Friday depending on the courses you choose. This means you may have plenty of time to plan trips and weekend outings and will not need to miss any of your scheduled classes. In any case, if requested, Spanish Studies Abroad in Alicante will be pleased to provide you with a tentative schedule of your selected courses. In this way you will be ready to plan your trips without missing any class that could affect your final grade.

You received a program calendar in your acceptance packet link to which you can refer for academic dates, holidays, vacation dates. Though most of these dates are firm, some of the holiday dates are subject to change by

the Spanish civil authorities, which may force us to change some of the vacation dates. Therefore, you and your family should make only tentative plans for independent travel until you arrive in Alicante. At the beginning of each term, you are given a more definitive calendar. Please do not plan trips with your family when classes are in session. Also, be aware that if you transfer programs (e.g. Integrated to Spanish Studies) for any reason, you must follow the calendar of the new program, adjusting travel arrangements accordingly.

Note: Travel and excursions that are included in the program are mandatory for all students.

Vacations and Long Weekends

Vacations and long weekends offer a great chance to travel to places that may be hard to get to on a weekend. You may want to take this opportunity to travel around Spain and become acquainted with other regions of the country. You may prefer to travel to other countries if time permits. If you, or your family, plan to purchase a Eurail Pass for travel between semesters or programs, be sure to purchase it before leaving home. At this time, the pass cannot be purchased in Europe.

Packing Suggestions

The fashion in many Spanish cities, including Alicante, is very similar to that in the United States. Running sneakers and exercise clothes (including sweatpants and yoga pants) are usually only worn when exercising and pajamas should **never** be worn to the university. In general, Spanish students dress very stylish when going to class and often times girls will be dressed up. When going out at night, the dress is often more formal at clubs or *discotecas*, while smaller bars may be more casual.

Clothing

Casual pants (jeans are okay) • Several shirts, long- and short-sleeved • Plenty of underwear and socks • Lightweight pajamas for warm weather • Warm pajamas for cooler weather • Slippers to wear around the house • Comfortable shoes for walking • One pair of sneakers, just in case • One nicer pair of shoes, for dressing up • one or two dressy outfits • A couple of sweaters for the winter • Lightweight jacket & Heavy winter coat • Gloves, hat, and scarf • Bathing suit • Shorts, capri pants, and/or skirts

Keep in mind that if you are going for the Spring Semester it will be very hot. Pack as lightly as possible, since you'll have to carry everything. Keep in mind that you'll probably buy some clothing in Alicante, as well, and laundry should be done once a week.

Other items

THIS HANDBOOK • Spanish Studies Departure Newsletter (sent via email a few weeks prior to departure) • Travel books (try Lonely Planet or Rough Guides) • Spanish-English dictionary and grammar book • USB device for storing assignments and printing purposes • Beach towel • Washcloths, if desired • Camera • Backpack (or book bag) • Any cosmetics/products you use • Medicines for cold and upset stomach • Vitamins • Pictures of family, friends, and home • Prescription medications, if needed • Sunscreen (SPF 25 and higher. It's SUNNY.) • Umbrella • Watch • Your favorite music (iPod, etc.)

Security and Personal Care

We suggest taking a suitcase that locks so you can keep valuable items secure at all times. This would be the place to keep your passport, airline tickets, traveler's checks, extra cash, and anything else of value that you don't want to leave lying around. You should also know that your things might get moved around if your room is cleaned by your host family.

You will be able to find a lot of the everyday products you need in Alicante, so there is no need to stock up on shampoo or feminine hygiene products. Take what you'll need for the first part of the trip so you'll be able to get settled in, but don't over pack this kind of thing. You may want to pack your favorite cold and upset stomach medicines, just to be prepared. You can get medicines at pharmacies in Alicante, but they'll be different from what you're used to and when you're sick, you may feel better using what you know works for you.

Plug-in Appliances

The general rule is: don't bring them. The electrical current in Spain, 220V, is not the same as the current in North America. If you only need a hair dryer, you'd be better off purchasing an inexpensive one in Alicante, rather than risking destroying your hair dryer when you plug it in. Unless you have a whole slew of hair styling appliances that you just can't live without, you are better off not having to purchase a converter and adapter. If you do decide to bring hair styling appliances, you should consider whether they are really needed for the program in Alicante. If so, then you will need to purchase a converter and plug adapter set at a travel or electronics store.

This rule may or may not apply to laptops. Some laptops have built-in converters, in which case you would only need the adapter for the plug. Please make sure that your laptop's voltage range, found on your power cord, will be compatible with Spain's electrical current.

Housing

Working with the Alicante Spanish Studies Abroad staff, CSI chooses housing placements very carefully. Please note that in the interest of meeting the goal of cultural immersion, **it is Spanish Studies policy not to pair students from the same school in the same homestay** during our semester and academic-year programs. Also, it is Spanish Studies policy that **visiting friends and family members may not stay with the host family**.

You will live with a Spanish family and perhaps with a roommate, but take into account that you will have your own room. Families usually live in *pisos*, or apartments, instead of large independent residences. Therefore, you may be living in a space that is smaller than what you are used to. Spanish homes do not usually have central heating or air conditioning, which might come as a surprise to you in the months when you want it most. You just have to dress for the seasons and see how your host family deals with the different temperatures. You will be provided with a space heater or fan in the event that you need one.

Your madre will give you a set of keys to your house, so you will be able to go out and experience Spanish life on your own schedule. **With that comes the responsibility of keeping your family informed of your plans; let them know if you will be home late or if you plan to miss a meal.**

Lots of students decide that they want to bring gifts for their host families. If you want to take a gift, we suggest bringing something that represents where you live, what you enjoy, or your hobbies—basically something that will give your host family some insight into you as a person. Another good way to share some of your life in your home city with your new family is to bring photos from your family and university.

Housing assignment information is generally provided about a week before the start of the program.

Please note that assignments may be subject to last-minute changes. If you ever have a problem with your housing assignment, tell the Resident Director right away. The close cooperation between Spanish Studies and CSI will help to resolve the difficulty. The Resident Director will assist you in working out whatever problems arise, and if things don't get resolved, help you to decide if you would like to move to another home.

Note to all students: Spanish Studies does not offer housing in the private homes during the days prior to the start of the program or days beyond the end dates of the program. If you are arriving early to Alicante or planning on staying later, you should book your own hotel or hostel.

Note to Academic-Year Students: Students enrolled in Academic-Year programs will not have housing between semesters. Depending on your program, housing between semesters for academic-year students may be covered. If you wish to stay in your home in Alicante during the time between semesters, contact the U.S. office regarding availability and prices.

Please refer to our website for the start and end dates of each semester.

Housing Norms for Students and Host Families

To ensure a correct and cordial relationship between the host families, students, and Spanish Studies, a series of norms and recommendations have been established. There are minimum conditions designed for all homes in general; it is normal for personality differences to exist between host family and student; there will be certain differences also between one home and another. If you have any concerns, don't understand a certain norm or would like to make a comment regarding housing, be sure to consult with the Alicante Resident Director.

Your bedroom will have:

1. A comfortable bed with a mattress, sheets, blankets, pillow and pillowcase.
2. A nightstand
3. A table or desk, large enough to study or write on comfortably (minimum 40" x 20")
4. A lamp to provide adequate lighting
5. A shelf or similar storage space for books
6. A chair
7. A closet or wardrobe with drawers and hangers for clothing
8. A heater in winter and a fan in summer. The student must not leave the heater on at night, but may use the fan at night in warmer weather, as long as he or she gains prior approval from the host family. If you need either a heater or a fan, please ask your host family.

The bathroom will have:

- A clean toilet
- A clean towel to be used only by the student
- The student will have the right to shower once a day with hot water. The student should be allowed to shower whenever he/she wants to do so (between 7 AM. and 10 PM.), limiting his/her time in the bathroom and not using hot water for more than 8 minutes.

Laundry:

- The host family will replace bed linens and the towel once a week. They will wash each student's laundry at least once a week (one load of white clothes and one load of colored clothes).
- The clothes will be folded.
- It is not the host family's obligation to iron the student's clothing.
- If the student has more laundry than stipulated, he/she will have to wait until the following week to have it laundered.
- If the student has delicate clothing, he or she should notify the family or take it upon him- or herself to launder it.

Meals:

- The student will eat with the family. In the event that the host family cannot be present for a meal, prepared food will be left for the student.

- The student should respect the eating hours in the home; a day when he/she will not eat or sleep at home he/she should communicate this to the host family in a timely fashion.
- Bottled water, milk with meals, between-meal snacks, fruit juices, beer and wine are not included in the housing fee.
- The meals that the host family will prepare for the student are:
 - Breakfast: Toast with butter or something similar and coffee, tea, hot chocolate or milk
 - Lunch: Two dishes and a dessert. One of the dishes should include fish or meat; the other should be salad or vegetables. It is preferable that the dessert be fresh fruit.
 - Dinner: Two dishes and a dessert. One of these dishes may be soup, and at least one of the two must be a hot meal and include meat, fish, egg or cheese.
- Eggs should not be served more than three times a week.
- The menu must be flexible and varied, taking the student's preferences into account.
- If a student does not consume certain foods due to religious reasons, the host family will respect his/her preferences.
- The student may request, 24 hours in advance, that a cold lunch be prepared for him/her to take on field trips or if they plan on staying at the university for the day.

Telephone:

- If the student has a cell phone, he/she may not receive or make calls between 11:00 pm and 8:30 am.
- If the student has Skype on his/her computer, he/she may not use it between 11:00 pm and 8:30 am.

Doctor:

- If a student doesn't feel well, needs a doctor or medication, he/she should call the Resident Director to make an appointment, or the student may go directly to the medical clinic: Clínica Vistahermosa (Avenida de Denia, 103.03015. Alicante).
- The host family will not give medicine to the student.
- If a student misses class due to medical reasons, he/she or the host family should contact the Resident Director, who in turn, will inform the students' professors.

Housing Changes:

- If irreconcilable differences should arise between the student and the host family, the Resident Director will work very closely with every student to find the best solution for him/her. In the case that a student moves his/her homestay, the Resident Director will let the host family know ten days in advance. Once the host family is informed of the change, the host family will not discuss this subject with the student as this could cause discomfort.
- If the host family desires that the student be moved, the Resident Director will be notified 10 days in advance.
- In the event that the Resident Director must move the student because some or any housing requirements have not been fulfilled, Spanish Studies maintains the right to move the student without previous notice to the household.
- In case of any indication of sexual harassment or inappropriate behavior on the part of the host family members, the Resident Director will move the student(s) to a different home immediately and with no previous warning. Spanish Studies will also stop working with a host family where an issue like this arises.

Miscellaneous:

- The student's room may not be rented out during weekends or any school break, even if the student is not present in Alicante during these times.
- The host family will not discuss financial matters related to housing, as this is very uncomfortable for everyone and causes uneasiness.
- If it is necessary for the host family to be absent overnight for any reason the host family must inform the Resident Director. Both the Resident Director and the student must agree to this.
- There should be a pleasant environment in the house, where the student feels comfortable and welcome.
- More than two U.S. students will not be allowed to live in the same home, whether they are from Spanish Studies or a different U.S. study center. Housing more than a total of two U.S. students in the same home will be considered a failure to abide by the norms outlined above.
- The student may not have guests staying overnight.

- Should the student not leave the home on the program end date, Spanish Studies is not responsible for paying the host family for extra day(s).
- The student may not take his/her friends to the home without previous permission from the host family.
- If the student's house keys get lost or stolen, for fear that the missing keys may be used to rob the home, the host family may ask the student to pay for a new lock. A new lock costs between € 30 and € 300.
- The house may not have a charcoal, coal-dust, gas, or similar type of heater.

Special Dietary Needs: Vegetarians, Vegans, and Gluten-Free

There are very few vegetarians in Spain. As you will notice from the descriptions of Spanish food in our *Know before You Go* guide, Spanish culture is not particularly vegetarian-friendly. It is possible, however, to be a vegetarian in Spain. Along with the variety of salads, available at most restaurants, Spain offers some delicious breads and cheeses (like the famous *manchego*-sheep's milk cheese), and a number of great vegetable dishes. You should be very careful in restaurants and make sure that the bean dish you are ordering doesn't have ham in it anywhere. Many vegetarians will opt to eat fish while in Spain; this will give you more options and probably allow you to eat more healthily while abroad.

If you plan to change your diet and begin eating fish, meat, or even dairy, you should start incorporating these foods into your diet before you leave, so that you will not be sick at the start of your program in Alicante. Vegans will be hard pressed to eat very well in Spain. While most food is cooked in olive oil rather than butter, you will have to make sure you are getting the nutrients you need.

Students requiring a Gluten-Free diet should let us know right away, so that our Resident Director may find an appropriate homestay that can provide such meals.

You must let us know about any dietary restrictions or food allergies by emailing info@spanishstudies.org or calling 413-256-0011. **Note: Some dietary accommodations may require an additional fee.**

Public Transportation

Like your Spanish friends, you will be taking the bus or TRAM often while you are in Alicante to reach the University (approximately a 30 minute ride), and to explore the attractions of the city. Its location makes UA very accessible by public transportation from the city. During orientation at the start of the program, you will learn the details of the buses and trams available at various times. This will help you organize your route and any transfers you might wish to make. The cost of an individual ticket is 1,45 Euros, but significant discounts are available if you purchase Bono Bus Cards, which cost 8,70 Euros for 10 trips, or 26,10 Euros for 30, a reduction of approximately 40% off the individual cost. The cost of the Bono Bus Card, which you can replenish at any time, also comes with a one-time fee of 2 Euros.

Keeping in Touch with Family and Friends

Mail

Your mailing address will be that of your home. You will receive your home address one to two weeks prior to the start of the program.

Mail service is generally reliable in Spain. Be sure that friends and family send letters by airmail, since surface mail can take up to three months. One can expect airmail letters to take between seven and fifteen days to be delivered. For urgent letters, it is best to use Express Mail or Global Priority services (3-7 working days), or a delivery service such as UPS, DHL, or Federal Express (3-5 working days).

Information on Packages

If you or your parents plan to send a package to Spain, you should know that the Spanish customs office will levy an import tax before you can collect it.

1. Any package sent from North America to Spain via USPS will be checked in Madrid and is subject to the following charges:
 - a) 3% on the value of the package contents if the content exceeds 150€ worth of products.
 - b) 16% tax on the value of the package contents.
 - c) 4.41€ for a Custom Fee.
 - d) 20.18€ for SPEEDTRANS (mailing from customs in Madrid to final destination).
2. We strongly recommend that if you must to receive medication via mail in Spain that it be sent via private mailing companies (UPS, DHL, etc.) for the following reasons:
 - a) Medicine sent via private mailing companies is not subject to the charges specified in bullet point number 1.
 - b) All medicine sent via regular mail needs to be sent with a letter from the student's doctor back home. Medicine sent via regular mail needs to have a letter from a Spanish doctor stating that the medicine in the package cannot be found in Spain. This is extremely difficult to obtain.
3. **IMPORTANT:** Packages sent via private mailing companies (UPS, DHL, etc.) are not subject to the charges or rules specified in number 1 above.
4. To ensure that your package delivery is not delayed, please plan to be as specific as possible in your customs declaration. For example write "used cotton shirts" instead of "used personal items."
5. If in doubt, contact the nearest Spanish consulate.

Telephone

Cell phone use is widespread in Spain; virtually everyone you meet will have a móvil. Lots of students decide to purchase mobile phones as an easy way of keeping in touch with people at home and with the friends you'll make in Alicante.

Rent one of ours:

Cell phones will be made available for all students attending programs through Spanish Studies Abroad Cell Phone Loan Program. Ninety percent of our students choose to rent cell phones from Spanish Studies Abroad. They are affordable, durable and allow you to communicate for free with other students using Spanish Studies Abroad cell phones and SIM cards. **All students must complete and return the Cell Phone Loan form, available in the Pre-Departure section of your online account, in order to lease a phone. Please note that requests for cell phones are processed on a first-come, first-serve basis.**

Bring your own:

If you have an **unlocked U.S. cell phone** but you don't have an international plan, you have the option of leasing a SIM card which allows you to use it on a network in Spain. We can help you set this up after you arrive. We have SIM cards available to rent at the same rate as the cell phone lease: 2Gb at 12,50€ plus phone usage, including free calls among Spanish Studies Abroad cell phones and SIM cards. This is much more economical for example than Orange, a local Spanish wireless telecommunications provider, which offers 1Gb at 11€ and all calls at an additional cost.

Please note that because we need make the appropriate preparations before your arrival, if you wish to make a SIM card request it is preferable you do so before arriving on site.

In addition, a cost-effective and convenient way of staying in touch is to bring your locked smartphone **with data roaming turned off** with you to Spain. You can use it when connected to wifi in your residence or in cafes (though make sure to keep it on airplane mode so you don't incur expensive international data fees). Whatsapp is a great app for messaging, free for the first year and then \$0.99 per year. It allows you to text people anywhere in the world for free and now allows free voice calls when connected to wifi. It has group chat features and is widely-used in Europe. If you are planning on bringing an iPhone, iMessage will continue to work over wifi.

Purchase a prepaid:

Another option is to purchase a prepaid cell phone in Alicante, which you can do for as little as \$75 or \$100. These phones work just like a pre-paid calling card; when your *saldo* (balance) runs out, you can purchase more. The great thing about cell phones in Spain is that you won't be charged for calls you receive while in Spain, only for calls you make. This means that your family can call you and you will not be charged for the call (within Spain). People who wish to call you frequently might want to ask their telephone company about any special international rates that might help make those calls less expensive, or explore phone card options with international rates. Internet phone connections, such as Vonage, are affordable options as well for calling from the U.S. to a Spanish cell phone.

Your home will have a phone too, but that will only be available for you to receive very short phone calls. You can only call someone from your home phone if there is an emergency.

Please note that international calls from a Spanish cell phone are **very** expensive. You can pay upwards of 7.50 Euros for only 10 minutes on a call to another country! So if you want to call home, you may want to purchase a prepaid phone card. You can get them at a number of places, like newspaper stands or the *Corte Inglés* department store. Going to the *Corte Inglés* might give you more of an opportunity to compare a few different international cards, whereas the newsstand will probably just offer the basic *Telefónica* card. Cards can usually be purchased for either €10 or €20. Unlike phones here, in Spain some phone cards are inserted directly into a pay phone; you will be able to see your minutes count down on the phone's digital screen, so you'll know when you need to wrap it up.

Email and Computers

If your homestay is not already equipped with WiFi, Spanish Studies Abroad will provide you with a router free of charge. Since you will be a part of the UA community, you will have access to the computer facilities just as any other student. The UA also has WiFi for any student who takes his or her own laptop. Most laptops are compatible with the electrical current in Spain, but check to be sure the power supply says "100V-240V". Electrical voltage in Europe is 220. You can purchase an inexpensive adapter for the plug when you arrive in Alicante.

Access to the UA's WiFi system is arranged by the *Servicio de Informática* at the UA. During the orientation in Alicante, students will receive instructions on how to use the Internet on campus along with the necessary information for connection: a personalized username and password. There are people available to assist in case of any problem. A web page with information on the wireless net of the UA is found at www.ua.es/wifi

You must be a student enrolled at the UA in order to use the UA's computers. As a student on the Spanish Studies program you will have the identification required for access, either a University identification card called TIU, *Tarjeta Inteligente Universitaria*, or a CSI card, depending on your program.

Video Calls

One of the cheapest and most popular ways to keep in touch with family and friends is through video chat. Many servers such as Skype or Google Talk allow users to communicate face-to-face over the internet. FaceTime (between iPhones only) is another way to make audio and video calls for free over wifi. These servers are usually free, even over long distances and international borders. Users will need a web-cam and an internet connection, and will need to set up an account with the server prior to use. If the user does not have a web-cam, they can still voice chat just as if they were talking on the phone. Video calls are an easy and secure way to communicate with friends and family abroad.

Billing Details

Spanish Studies is affiliated with over 70 colleges and universities. For most affiliated schools, payment is made to us directly by the school. However, billing arrangements vary between universities, so we ask that you pay close attention to the information received in the acceptance letter and in the View/Pay Bill section of your online account.

Payment of Fees

The non-refundable deposit is due within ten days of your acceptance to the program. In cases where the school is sending payment directly to Spanish Studies, you should ask your college or university to discuss this with us directly.

Note: The due date for the non-refundable deposit may not be deferred.

Payment must be received by our U.S. office no later than the due dates listed in your online account. You will not be admitted to housing or classes until all payments have been received. Special arrangements are made only in exceptional cases and may include interest rates and service charges. Your transcript will not be released until all financial obligations you incurred during the school term have been satisfied, including payment for unreturned library books and for cell phone charges.

If you anticipate that you will have financial aid to use toward your program payment, please contact the U.S. office regarding the necessary paperwork to defer your final program payment due date. Please note that the due date for the non-refundable deposit may not be deferred.

Note: All checks should be made payable to The Center for Cross-Cultural Study, Inc

Financial Aid

You must speak with the financial aid office at your home university regarding the school's policies for the transfer of financial aid for study abroad. If financial aid will transfer, there are some forms that must be completed in order to coordinate transfer of funds and the deferment of the final payment due date if aid will be disbursed after that time. The non-refundable deposit due date may not be deferred, even if the amount is covered by financial aid.

The Spanish Studies Financial Aid Deferment Form, included in your acceptance packet, should be submitted to your home university's financial aid office to be completed and returned to the Amherst office of Spanish Studies before your program final payment due date. You will also need to make sure that the financial office is able to coordinate with Spanish Studies regarding any forms that they need completed by Spanish Studies to transfer financial aid, such as a Consortium Agreement.

Refunds

If you decide not to attend a Spanish Studies program after you have been accepted, please send us written notification immediately. You can inform us of your decision via email at info@spanishstudies.org.

Withdrawal from the program between the final payment due date and 30 days before the start of the program has a penalty of 25% of the program fee. Withdrawal from the program between 29 days before the start of the program and 1 day before the start of the program has a penalty of 25% of the room and board fee and 100% of the tuition, study tours and orientation, and general education fees. There is no refund for any portion of the program fees on or after the program start date. Please note, these penalties are in addition to the deposit, which is non-refundable.

There is no withdrawal from room and board arrangements with Spanish Studies during the course of a program. We will change unsatisfactory lodgings, but will not refund any portion of room and board fees after a student's arrival at a home. If the student finds housing to be unsatisfactory, he or she should notify the Resident Director immediately.

Scholarships

Spanish Studies Scholarship Program

The Spanish Studies Abroad Scholarship Program is open to all students in all of our programs. We offer scholarships of \$1,500 for semester programs and \$500 for short term programs. Students may apply for only one of the two scholarship options: the **Merit-Based Scholarship** or the **Diversity Scholarship**.

Award recipients are chosen based on the submission of one original essay. The scholarship application may also be downloaded from our website [here](#).

While all eligible students are encouraged to apply, the Spanish Studies Abroad Scholarship Program is very competitive and only a handful of awards are made per term. Students will be notified before leaving for Spain if they will receive a scholarship. A check is sent to the student's permanent home address after they arrive in Alicante and is not used towards payment of program fees.

Alicante Placement Exam Information

Here you will find the equivalencies table between the Common European Frame of Reference for language courses at the Universidad de Alicante and Spanish Studies courses:

	CSI Course Titles		Spanish Studies Course Titles

Academic Pledge & Program Conditions and Release

In the following pages, please find a copy for your records of the documents you signed as part of the application Spanish Studies Abroad.

Academic Pledge

Spanish Studies Abroad Code of Conduct

Studying abroad requires a significant commitment to personal responsibility. While on a Spanish Studies Abroad program, you are, in effect, a cultural ambassador for your home country, a representative of your home institution, and a member of your adoptive community.

In addition to the Program Conditions and Release Statement that all students sign as part of the application process to Spanish Studies Abroad, you also agree to apply the same standards of conduct and academic integrity while abroad as you would at your home institution. These standards include, but are not limited to:

1. following honest academic standards and maintaining your commitment to academic growth.
2. strict adherence to host country laws and customs.
3. respect for your host families and fellow program participants.
4. respect for Spanish Studies Abroad property, professors and staff.
5. general personal and academic practices in line with those outlined by your home institution.

Spanish-Only Policy

The Spanish-Only Language Policy is fundamental to the educational philosophy of Spanish Studies Abroad. It is a tool that promotes cultural integration and active learning, where students put into practice what they are learning. This is the best way to develop both fluency in Spanish and a deeper understanding of the Spanish culture. The benefits of adhering to the Spanish-Only Policy, no matter your initial language level, are great:

- You will improve your ability to understand and express yourself in Spanish.
- As fluency increases, you will gain a greater awareness of the local culture as you develop relationships with your host family, professors, and friends.
- You will experience a greater feeling of accomplishment in your integration, while demonstrating a higher level of respect towards the local culture.

Living abroad provides an opportunity for total immersion in the language and culture -- but only if each and every student actively seeks out this experience. The immersion experience begins NOW, as you get to know your fellow students on the Spanish Studies Abroad program. You may find that living only in Spanish is awkward and even somewhat isolating at first, but years of experience have proven that it is the best way to improve your language ability. While each student makes an individual commitment to using only Spanish, this is also a collective effort that contributes to the progress of every student. To help you get the most out of your experience in Seville, Alicante, Barcelona, Córdoba, and/or Puerto Rico, you and all of your fellow students attending programs with Spanish Studies Abroad are required to adhere to the Spanish-Only Policy.

Students are expected to use Spanish in all written and verbal communications while abroad. Students are NOT expected to speak in Spanish when they are faced with an emergency, when speaking with family members, and on occasions when it is absolutely necessary to use English. However, speaking English in the presence of other Spanish Studies students is considered a violation of the policy and must be avoided at all times – for example, if you receive a call from your parents when you are near fellow students, you should lower your voice and step out of earshot.

Academic Pledge

1. In signing this Language Pledge, I agree to use Spanish as **my sole language of communication** while participating in Spanish Studies Abroad programs. I understand that failure to comply with this Pledge will result in a 5 point deduction from the final grade of the mandatory course required of that program and may also result in expulsion from the program without receiving a refund or academic credit.
2. I have read and understood the Language Pledge and Contract, and agree to the conditions.

Program Conditions and Release Statement

I hereby release and discharge The Center for Cross-Cultural Study Inc. and its agents, employees, and representatives from all suits, claims, or liability of any nature arising out of or related to my participation in a CC-CS/Spanish Studies Abroad program including, without limitation, claims for personal injury or property damage.

As a program participant, I authorize CC-CS to share details of my program with my family, my home institution in the U.S., and my host institution, as needed. I also authorize CC-CS to share details of my academic record, such as my home university transcript, with my host institution abroad. Furthermore, I authorize CC-CS to provide my home institution with a transcript of the coursework I complete as a CC-CS participant. I understand that if I am rendered ineligible for a program after my initial acceptance, I am not entitled to any refund from CC-CS. I acknowledge that it is my responsibility to maintain the minimum eligibility requirements from the point of my acceptance until the commencement of my program.

I release all materials from my experience abroad to be used by CC-CS and its affiliates exclusively for promotional reasons. This includes, but is not limited to, photo, print, video, digital mediums and social media posts or pictures. I understand that I can be removed or dismissed from the CC-CS programs at any time, either prior to or after departure, for violating Code of Conduct and other published CC-CS policies.

In the event that a program participant becomes incompetent for any reason, including (but not limited to) injury, accident, mental illness, disease, or loss of consciousness, he/she appoints CC-CS as his/her guardian, and authorizes CC-CS to take any action which it deems appropriate under the circumstances, including (but not limited to) arranging for medical or psychiatric treatment, administering prescription drugs, or transporting him/her to the United States.

[Note: If applicant is under 18 years of age, a parent or legal guardian must sign the following declaration and RELEASE]

I, the undersigned [father] [mother] [guardian] of

_____,
a minor, do hereby consent to [his] [her] participation in the CC-CS program and do forever RELEASE, acquit, discharge, and covenant to hold harmless The Center for Cross-Cultural Study, Inc. and The Center for Cross-Cultural Study, S.L. and its officers, agents and employees from any and all actions,

causes of action, and claims on account of, or in any way growing out of, directly or indirectly, all known and unknown personal injuries or property damage which I may now or hereafter have as the parent or guardian of said minor, and also all claims or right of action for damages which said minor has or hereafter may acquire, either before or after [he] [she] has reached [his] [her] majority resulting from participation in any CC-CS programs.
